SKILLS FOR EMPLOYMENT

Core to Kisharon's offering is the creation of employment opportunities for people supported by Kisharon either on a full or part time basis. Kisharon's internationally acclaimed programme is based on supporting both employees and employers alike to create vocational or paid opportunities.

Kisharon believes in encouraging social enterprise projects to reach out to school leavers and adults with Learning Disabilities with opportunities to train and work together – as a team. Kisharon Bikes, Kisharon's Gift, Homeware and Print Store together with our Skills for Employment Centre are part of our social enterprise programme which enables people we support to prepare for working in the local community.

We can help you to get a job so that you can be more independent

SUPPORTED LIVING

Central to our supported living offering is 'choice'. We set out to ensure that everything is personalised to meet each individual's needs.

People we support are able to choose how they want to live their lives in the same way as siblings and friends can do. Kisharon offers freedom and independence which comes with a key to their own front door combined with long term assurance for parents and relatives.

Living as independently as possible is everyone's right and at Kisharon this comes with a helping hand where needed.

We help people to live
in their own homes
